MEMORANDUM FOR:

1. I think I'd like a paragraph or so, coming together with a visual, on Soviet Naval Presence in the Third World, including the islands of the Pacific,

SOVA has a research project on this due in the first quarter of 1983. You should be able to get an advance on this, as well as perhaps on the SOVA project on Naval Activity Outside Home Waters in 1982 and on SOVA project on Naval Facilities Abroad, both scheduled for the second quarter of 1983.

2. I should also have a paragraph on Soviet and East European aid to the Third World on which OGI has a research project. Last year we had a figure of something like \$22 billion as the cost of Soviets' satellites abroad-- you should probably have separate figures for satellites abroad and Third World assistance, the latter perhaps along with arms sales reflected individually by country.
